Motion by Commissioner McKee **and seconded by** Commissioner Gómez that in regard to the FTE, the County Clerk should submit a plan and proceed to step two. Regarding the Training, there should also be more in terms of a plan. This should be more focused as opposed to a broad plan. The training being referred to is in regard to Item 13 that was submitted in the back-up material outlining the County Clerk's Plan.

A Clarification was made of the previous Motion by Commissioner Sonleitner that it should be put in terms of context, separating out what are new systems versus core functions.

COMMISSIONERS' COURT MINUTES CONTINUED

A Clarification was made of the previous Motion by Commissioner Sonleitner that these are not commitments but that the County Clerk can proceed to Gate Two in order to flush out some more information for the Court.

A Clarification was made of the previous Motion by Commissioner Moore that the Court wants an adequate coverage of the Commissioners' Court records. Whether the Court intentionally or unintentionally cut the coverage, it is an issue that needs to be examined by PBO and brought back to the Court. It is a planning issue and the Court wants the coverage but they need to see more information.

A Clarification was made of the previous Motion by Commissioner McKee that the Court is not really saying how that service gets delivered but they want it fully explored and want to make sure that the service is delivered in the most cost effective manner. The Court wants the additional training and the FTE for the Commissioners' Court Minutes fully explored.
