Motion by Judge Biscoe and seconded by Commissioner Davis to generate a little revenue, realizing we're creating a ratchet effect for next year, and on that ratchet effect, the ratchet effect we started out this year with was \$6 million at least. To basically realize the savings that we can generate by staggering implementation of the ISC, and that would generate a savings of \$427,000.00, but that we take the \$427,000.00, and allocate \$300,000.00 to the Juvenile Justice System, which will increase their funding for Substance Abuse to \$580,000.00, and we indicate our intention to use the other \$127,000.00 toward meeting the Substance Abuse treatment request of Health and Human Services.

Maker and Second accept the Friendly Amendment by Commissioner Sonleitner to say it's \$300,000.00 for the Juvenile Justice System, it's \$150,000.00 for what's within the initiative Stephen Williams brought forward in Health and Human Services, for a total of \$450,000.00, \$427,000.00 of which will be from the staggered funding, and the rest of it just gets knocked off the \$1.7 million.

Acceptance of the Friendly Amendment was made by Judge Biscoe and seconded by Commissioner Davis.
